EXPERT OPTOMETRISTS AND OPTICIANS.

The Public Ledger we have carried and are still carrying, the advertisement of Dr. B. Kahn and his son, Dr. M. G. Kahn, whose offices are located in the O'Keefe building on Market street. There also appeared in the columns of The Ledger another advertisement which seemed to reflect somewhat upon the character and ability of the two doctors.

What has been said might have been construed as being of a personal nature, and have caused these gentlemen's ability and business to be questioned. After investigations we find that whatever courtesy they are entitled to should be extended to them.

They are graduate optometrists from the best school of their kind in this country. They are the proprietors of the Ideal Optical Company, of Cincinnati, O., with offices at 925-927 Central avenue. Their offices are elegantly appointed and equipped with up-to-date appliances for carrying on their profession. They have a complete optical store. They are spoken of very highly by their associates in business as gentlemen of character and refinement.

In this city, by those who have had business dealings with them, they are regarded very highly. Their patients speak in most complimentary terms in regard to their work and do not hesitate to recommend them to others.

Some seven or eight months ago these gentlemen came to Maysville comparatively strangers, and opened their offices in their present pleasant location. From the start they have been compelled to spend their time largely in their offices, having been attending to calls from the surrounding country in addition to their large and growing city practice. It is one of the new enterprises that Maysville extends a cordial welcome.

We always like to welcome business men of integrity and character to our community, and desire to give them the right kind of treatment. So, we commend them to the good treatment of Maysville and Mason county.

Miss Jane Drennan, of Cincinnati, who is visiting Miss Beulah Ingram, will leave on Wednesday for Ashland to visit relatives and friends.

De Kalb Lodge of Oddfellows will hold their regular meeting tonight.

A GREAT REDUCTION

In going over stock we find that we are OVERLOADED, and have decided to REDUCE STOCK and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

WOMAN'S CLUB ENTERTAINS.

The Silver Tea given at the Elks' Home last Friday afternoon by the Woman's Club was one of the most enjoyable affairs of the season.

A delightful program had been arranged, which was as follows:

Chorus by the Girls' Glee Club of the High School, under the able guidance of Miss Hartlerode, Supervisor of Music in the city schools.

Miss Lucy Simth's song, "Mother McChree," was a delight to the audience.

Mrs. George Longnecker, president of the Woman's Club, in a most pleasant manner then told the purpose of the tea and introduced Mrs. Eugene Merz, whose reading of "The Music of the Rappahannock," with the musical accompaniment by Mrs. Geisel, was thoroughly enjoyed.

The speaker of the afternoon, Rev. Dr. R. L. Benn, of the Central Presbyterian church, held the individual attention of the audience as he spoke on "The Ideal Peace." Chautauquans may go, but seldom do they bring to us a finer or more cultured lecturer than our own Dr. Benn. It was the regret of the club that all of Maysville could not have heard this gem given by Dr. Benn.

Mrs. Haugh, of Chicago, a most charming visitor in our midst, entertained the audience with a reading "How Birdie Learned Delsart," which was so applauded that the most gracious lady, gave Eugene Field's poem "Seeing Things."

This concluded the program, after which a delightful hour was spent, when the hostesses served a cup of "good cheer" and sandwiches.

Long live the Mason County Woman's Club.

WHO'LL PLAY THEM?

Messrs. Harry Purnell, Bruce Crawford, Pat Regan, Howard Rudy and Walter Dinger have issued a challenge to any five bowlers in Maysville for a match bowling game to be played at the Navarre alleys on Thanksgiving night. This team claims it can beat any picked bowling team in Maysville. Who will play them?

BOWLING CHALLENGE.

The following five, Harry Purnell, Bruce Crawford, Pat Regan, Howard Rudy and "Red" Dinger, challenge any five in the city to a match game, to be played on Thanksgiving night, starting at 7:30 prompt. Total number of pins in three games is the count. Report to Navarre alleys.

FORMER MAYSVILLIAN

Colonel Ben La Bree's Antecedent Recount Liberty Bell, and He Was Born In Sight of Its Home.

Colonel Ben La Bree of Louisville, formerly of this city, author of "The Confederate Soldier in the Civil War," and "Campfires of the Confederacy," is a direct descendant on his father's side of Charles Stow, who recast Liberty Bell in 1752, and a grandson on his mother's side of William Faunce, who was City Commissioner of Philadelphia in 1860 when a visit of the Prince of Wales resulted in the reclamation of the bell from a rubbish heap in the cellar of the State House and in rechristening it as America's greatest relic.

"I was born within sight of the State House, which has been called Independence Hall since the Centennial in 1876, and have seen Liberty Bell hundreds of times," Colonel La Bree said. "When the Prince of Wales, who afterward became King Edward VII, visited Philadelphia, I was a shaver 5 years old, but I remember seeing him. After the prince had been won and dined he was shown through the State House. He saw many relics, of course, but he kept looking and looking as if he wanted to see something else. Finally someone asked him if there was anything else he wanted to see, and he replied: 'I don't see what you people call Liberty Bell.'

"The notables who were entering him were dumbfounded. None of them, including my grandfather, knew what had become of the bell. Naturally they felt chagrined. They started a search and were successful. Finally they asked the janitor, who had been there thirty years, and he told them the bell was in the cellar under a pile of rubbish. The whole company, including the prince, went down and, digging away the rubbish, took a look at it. The prince at that time said: 'If that bell was owned by England it would be the most sacred object in the whole realm.'

"The bell was then placed in the corridor of the State House. Afterward it was hung up in the corridor by a chain nine feet from the ground. Since the Centennial it has received its proper recognition, but if it had not been for the Prince of Wales it might never have been resurrected from the trash pile."

"This story may perhaps be denied in Philadelphia, because they would be ashamed to admit it. I know that it is true, though, because I read it in my grandfather's diary and heard him tell it many times. It was a well known and authenticated story when I was a young fellow living in Philadelphia."

Colonel La Bree is a descendant, eight times removed, of Charles Stow, of the firm of Pass & Stow, who recast Liberty Bell. Charles Stow, he said, was doorkeeper of the Provisional Council of Philadelphia in 1752, when the bell was recast. He was not in the bell business, but was entrusted with the task of recasting the bell because he had learned the business in England. Charles Stow's name may be seen on the bell.

Colonel La Bree and R. C. Thruston Ballard, who is generally recognized as the best patriotic historian in America, agree that Liberty Bell was placed in the State House cellar and lost sight of in 1846, eleven years after it had cracked while being tolled as the funeral cortège of Chief Justice John Marshall passed the State House.

DR. GEORGE DEVINE.

Mr. George Devine, son of Mr. and Mrs. Frank Devine, of Market street, who has been in Philadelphia, Pa., for the last several months taking a course in optometry, returned home on Monday after graduating with high honors.

It is now Dr. George Devine, O. P. George will shortly "hang out his shingle," either in Maysville, or some nearby city. Just where, he has not yet decided. The Ledger extends you congratulations, George, and may you be successful.

MARRIAGE LICENSES.

Monday afternoon County Clerk J. J. Owens issued a marriage license to Alfred Thompson, aged 24, of Detroit, Mich., and Miss Bertie Holliday, aged 21, of West Union, O. After procuring the license the couple fled themselves to the parsonage of the Christian church, where Rev. A. F. Stahl made them one.

TO PLAY AT MAYSVILLE THANKSGIVING.

THE METHODIST REVIVAL.

That was a glorious service at the Third Street M. E. church Monday evening. The evangelist gave a very heart searching sermon on "Losing and Finding Jesus." The intense interest with which the large audience listened showed that the sermon went home to the hearts of the people. One soul came to the altar and was converted. The revival fires burn. The interest increases. Beginning today there will be afternoon services, beginning at 2:30 o'clock. Services every evening at 7:15. The sermon is always preceded by a rousing song service which will do you good to hear and take part in. All interested in the revival are asked to meet in the Sunday school room at 7 o'clock for a few moments of prayer before the regular service.

THE CHAMBER OF COMMERCE.

When the Chamber of Commerce met Thursday night and formally organized, it did the right thing; and when it adopted a course of work for the next year, it acted wisely; and when the officers were elected another laurel was added to its crown.

So far, everything the Chamber of Commerce has done has been the correct thing, and the start seems to be propitious.

The constitution and by-laws are all that could be asked and the planks of work mapped out are great and open a large field to do something for Maysville.

With such men as Mr. E. T. Kirk at the head of the organization, Mr. Thomas H. Gray vice president; Mr. Thomas A. Keith, treasurer; Hon. W. D. Cochran, director of organization; Mr. A. L. Merz, director of business affairs; Mr. W. Holton Key, director of civic work; Hon. Stanley F. Reed, director of agricultural affairs, and Captain H. J. Cochran, director of industrial affairs, there is every assurance that Maysville will be on the map good and proper from now on.

The slogan "Buy It In Maysville" should be heralded from the house tops and hills afar, and every member of the Chamber ought to pledge himself and family to buy everything possible in Maysville. If we want prosperity in this town we MUST BUY IT IN MAYSVILLE. Members, it's up to you.

Let every citizen plug, push, talk and yell for Maysville—a greater Maysville—a bigger Maysville—a more prosperous Maysville.

BUY IT IN MAYSVILLE AND YOU WILL ACCOMPLISH THIS.

The Ledger is with the Chamber of Commerce in this great work mapped out and stands ready to help push to success their efforts in every way possible.

Here's to Maysville's Chamber of Commerce, long may it live, thrive and prosper.

Fun---Well Done

Pride In the Daily Task.

A quaint story is told to exemplify the pride that every man should take in the work by which he makes a living.

Two street sweepers, seated on a curbstone, were discussing a comrade who had died the day before.

"Bill certainly was a good sweeper," said one.

"Y-e-s," conceded the other thoughtfully, "but don't you think he was a little weak around the lamp-posts?"

In Memoriam.

"My word, Jacob," said Steinberg, "that is a beautiful diamond you have in your pin. How much did it cost?"

"I paid \$1,000," replied Jacob.

"One thousand dollars! Good gracious!" exclaimed Steinberg. "Vv, I did not know you were so much money."

"Vell, you see," explained Jacob, "ven der old man died he left \$1,000 for a stone to be erected to his memory and dis is der stone."

Better Cake and Biscuits

In all receipts calling for baking powder, use Royal Baking Powder. Better and finer food will be the result, and you will safeguard it against a possible dangerous compound.

Look out for adulterated baking powders. Do not permit them to come into your house under any consideration. They may add an injurious substance to your food, destroying in part its digestibility. Doctors will tell you this and it is unquestionable.

Housewives are sometimes led to use inferior baking powders because of deceptive foaming or boiling tests or apparent lower cost, but there is very little difference in practical use, about one cent for a whole cake or pan of biscuits—a mere trifle when you consider the vast difference in healthfulness in favor of food made with Royal Baking Powder.

The Deeper Thanksgiving

Let us be thankful. We have all the thankful unless we show more willingness to use our possessions with something of that same devotion.

We have peace, and never did it seem so rich a prize. But once we went to war to save a struggling nation from the grip of oppression. What will our peace profit us, unless we make of it at least as great a force for righteousness as was Dewey's squadron or Roosevelt's Rough Riders?

As with the nation, so with the individual. To be shiny with snug self-content, to pitch our Thanksgiving anthem on the note of big crops and a good dinner, is to miss the whole spirit of Thanksgiving.

Let us be thankful, but not as the heathen are. For they think a full belly is the sure sign of the gods' approval.

Let us be thankful that we are God's children; remembering that therefore we have a lot of brothers and sisters who need to find their kinsfolk.

Let us be thankful for struggle, for the spur of poverty, for the challenge of obstacles, for the stimulus of large tasks, for the incentive of mastery over difficulties.

Let us be thankful for sacrifice. There is no order of knight-hood so glorious as the Comrades of the Cross.

Let us be thankful that we follow a Captain whose banner over us is Love. —Epworth Herald.

Must Go To Poorhouse.

(Cadiz Record.)

Todd county has followed the example of Trigg in stopping the payment of all claims for indigent persons in the county. Real cases of charity will be forced to go to the county farm in the future, just as Trigg is now doing.

Possums Coming To Town.

(Owenton News-Herald.)

The possums in the county are so numerous that many of them are compelled to move to town. One night last week a youngster visited the coop of Mr. Headley Brown and relieved it of two fine pullets. On the next night the possum came back and was caught in a steel trap.

Large Owl Claw.

(Larue County Herald.)

S. L. Miller, of near Leadfield, recently exhibited to the Herald the claw from an owl which he killed one night while it was threatening his chickens. The claw was a very large one, and must have belonged to a fierce fowl. The owl was of the "hoot-ing" species and measured almost five feet from tip to tip of its wings.

Heavy Load.

(Pembroke Journal.)

R. L. Wells, manager of the Forbes business in this city, reports having hauled 7,000 pounds of cement on a one-horse wagon. Mr. Wells sent his driver to a car on the railroad track, with instructions to put on a certain

number of bags. The driver put on twenty-five more than instructions called for and the faithful old mule that has been pulling the Forbes wagon for years pulled it to the Farmers & Merchants Bank building, where some concrete work is being done.

Pheasant Pays Chickens a Visit.

(Crittenden Record-Press.)

On going into the poultry yard Friday afternoon Mrs. Gwendolin Ford Love, of Near Sheridan, Ky., was surprised to find a strange bird with brilliant plumage walking proudly among her flock of brown leghorns.

The bird did not show a disposition to fly away, so Mrs. Love called her husband and together they viewed the beautiful creature until their curiosity overcame them, and they approached too near, causing the bird to take flight. It flew only a short distance from the yard, alighted and walked calmly and proudly away. The bird was about three feet from beak to end of tail, the tail forming one-half the length. The body was about the size of a leghorn hen, the head and neck were of a rich green color, resembling that of a duck with a ring of white feathers at the base of the neck.

The body and tail were copper colored with metallic luster. Its walk was proud and stately. The chickens did not seem frightened at their visitor, but would back away when it approached too near. Mrs. Love consulted an encyclopedia on returning to the house, and found the appearances of the visiting bird and the copper colored pheasants of Japan to be the same.

(Glasgow, Ky., November 22.)

The looseleaf markets will open here today, with prospects of better prices for this year's crop. The buyers of last year are on the ground, in addition to more local buyers for the new manufacturing plants started during the last year in this section.

PHILADELPHIA TO HAVE CHILDREN'S HOSPITAL.

(Philadelphia, November 22.)

Philadelphia, November 22.—Ground will be broken tomorrow for Philadelphia's new Children's Hospital. A fund of over three hundred thousand dollars was raised in ten days. The institution is to be the ideal baby hospital of the world. The hospital will cost a million dollars, and is the gift of the people of the city toward the improvement of the race.

HOW THANKSGIVING DAY CAME TO US

In every home in America, preparations are under way for the observance of Thanksgiving Day, next Thursday. It is the day set for general recognition of our blessings and for expression of joy in our happy condition as a people. There is much this year to be thankful for as a nation. The wheels of industry are humming at their height, we have garnered a record harvest, and peace, the blessing that has forsaken so many nations, is still with us.

Thanksgiving Day is peculiarly an American institution. It is not borrowed, as are so many of our holidays, from ancient traditions of the older world or from ecclesiastical calendars. While it has a basis of religious belief in the protective grace of an over-ruled Providence, it has gained its place of supremacy because it stands for the ideal of the community out of which our great republic has grown. At every step in the evolution, this is apparent as the controlling impulse.

The beginning of the real Thanksgiving Day came from the heart and mind of William Bradford, the first Governor of Plymouth. Grateful for the rich harvest of 1621, after a long period of privations and semi-starvation, this good man proclaimed a day of thanksgiving for December 13, old style calendar, of that year. Then did the royal bird of our Thanksgiving dinner tables make his legitimate entrance into the theater of action.

The good Governor, having fixed upon the day of thanksgiving for the Pilgrims, sent out four stout warriors with guns in search of game. These early hunters returned at night staggering under the weight of wild turkeys sufficient to meet the wants of Plymouth for a week. To them were added the goodies concocted by the thrifty housewives of the colony, and when the 13th of December dawned, all was in readiness for the first real American Thanksgiving ever known.

And that was not all. After Elder Brewster's sermon in the church—a matter of two or three hours—dinner followed; and the scent of its goodness seems to have been wafted into the depths of the forest, for in the midst of the feast the Indian yell was heard and a party of a hundred friendly redskins under King Massasoit appeared, bringing with them great haunches of venison. With all this supply of food on hand, it is not strange to learn the day of Thanksgiving lengthened into three, the feast being varied with psalm singing and exhortations; with war dances by the Indians; with military drill by stout Myles Standish's soldiery, and with various sports and pastimes of the more sober English kind.

This was the first thanksgiving, and others followed more or less regularly down through the years. From Massachusetts the observance spread throughout New England and later obtained national recognition. Washington proclaimed a day of thanksgiving following the successful ending of the War for Independence, and Lincoln did the same after the battle of Gettysburg. Thereafter the last Thursday in November has been designated from Washington, and a national holiday has become established.

It is recorded that on Thanksgiving Day, 1713, the Governor of Connecticut and the king's commissioners were just preparing to fall upon the viands, when it was announced in horror-stricken tones that the bear prepared for the occasion had been "shot on ye Lord's Day." At that dismal news, the entire gathering declined to touch a morsel of the roast bear, and it was decided that the Indian who shot the animal should be whipped to the extent of thirty stripes and restore the price paid for the meat. Then having inflicted a "just and righteous sentence on ye sinful heathen," the company fell upon the meal with clear consciences and quickly put it out of sight.

It is recorded that on Thanksgiving Day, 1713, the Governor of Connecticut and the king's commissioners were just preparing to fall upon the viands, when it was announced in horror-stricken tones that the bear prepared for the occasion had been "shot on ye Lord's Day." At that dismal news, the entire gathering declined to touch a morsel of the roast bear, and it was decided that the Indian who shot the animal should be whipped to the extent of thirty stripes and restore the price paid for the meat. AUCTION RARE LETTERS AND BOOKS.

New York, November 22.—Many letters of historical importance will be auctioned today, when the eighth part of the Adrian H. Joline library will be offered. In a letter from Benedict Arnold to General Nathaniel Greene, the former declares his character "has been most cruelly and unjustly aspersed." A letter from Andrew Jackson to William H. Crawford vindicates the Tennessee soldiers from the charge that they were responsible for depredations on the Indians. Thomas Jefferson in a letter to James Madison, speaks of the treaty with Great Britain and expresses his views on the navigation of the St. Lawrence and Mississippi rivers.

U. S. GATHERS SAMPLES OF FOREIGN GOODS.

New York, November 22.—Within the next week there will be opened in the United States Custom House here a commercial sample room by means of which it will be possible for American manufacturers and exporters to obtain full information about the foreign goods that they must compete with. The United States attaches in all countries competing with American foreign trade are sending sample and information concerning goods that the Americans are specially interested in.

What will interest manufacturers, exporters and business men outside of New York, however, is the arrangement completed by the Bureau of Foreign and Domestic Commerce with Chambers of Commerce in various large centers throughout the country, which provides for a "round robin" display of all samples by these organizations.

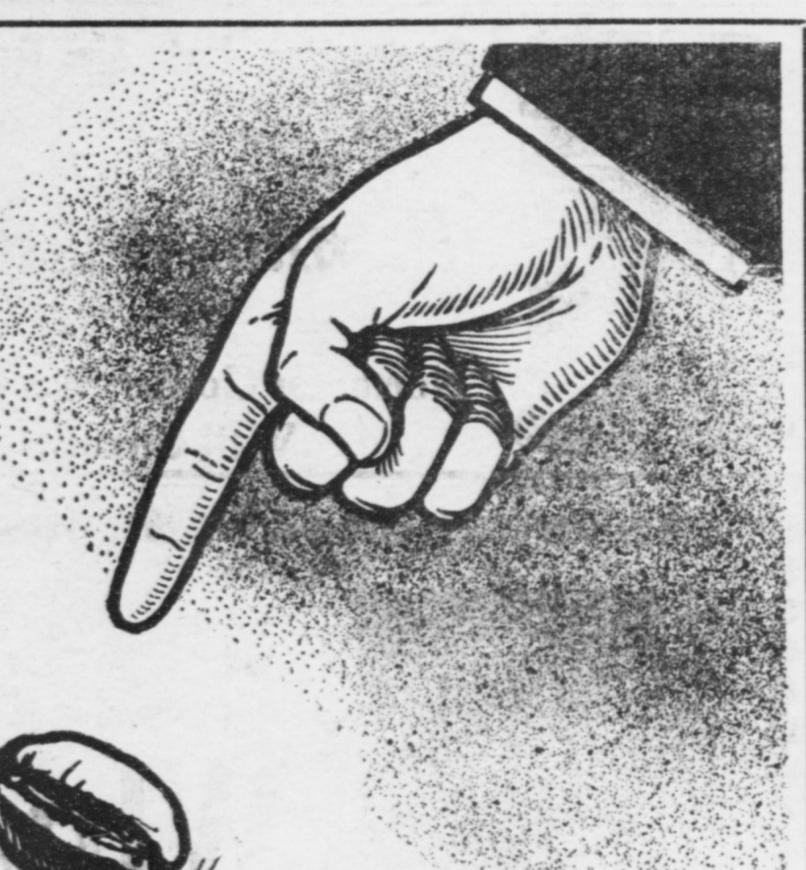

The samples will come continuously from the government agents abroad and will cover a wide range of goods. The first display will show hardware samples gathered from many of the important foreign markets, and this will be followed by some other line of goods.

Heretofore each American manufacturer has had to gather his information on his own resources. From now on he can see a fresh stream of samples of goods he is competing with in the world markets. The prices, wholesale and retail, the overseas freight rate, the discounts offered by manufacturer, and the special reasons why a particular line sells especially well in a particular market, will be furnished.

SHIFT OF NAVAL COMMANDERS.

Washington, November 22.—Rear Admiral Albert Gleaves today assumes command of the Atlantic torpedo flotilla and his flagship is the Birmingham. Rear Admiral Herbert O. Dunn today takes command of the Fourth Division of the battleship fleet, succeeding Rear Admiral Walter McLean. The latter will become commander at the Norfolk Navy Yard next Thursday, succeeding Rear Admiral Frank E. Beatty, who will be retired on Friday by the age limit.

Ten days' trial of Postum has shown many the sure way out of coffee troubles.

Mr. Coffee Bean

Seems to be having a hard time of it these days.

He has been found out. Some coffee concerns have tried to rid him of caffeine, a powerful habit-forming drug, but without full success and in so doing have partially destroyed his only redeeming feature, pleasant taste.

Coffee is becoming more and more unpopular with thinking people everywhere. They are finding out that its drug, caffeine, is a frequent cause of headache, nervousness, biliousness, and various other ills.

The point is—can you afford to risk health and happiness for a few cups of coffee? The wise thing is to quit coffee and use

POSTUM
—the pure food-drink.

Made only of wheat and a bit of molasses, Postum has a rich flavor much like mild Java coffee, yet contains no harmful element.

Postum comes in two forms: The original Postum Cereal requires boiling; Instant Postum is soluble—a level teaspoonful in a cup of hot water makes a delicious drink instantly. They are equally delicious and cost about the same per cup.

EVER-WELCOME PUMPKIN PIE

No Improvements Have Been Made on
Cooking Methods Used by Our
Grandmothers.

THE KITCHEN CABINET

Let's just be glad.
So many joys are given
To us each day and moment that we
know.
For you and me the blue sky arches
over.
For you and me the slender daisies
blow.
Let's just be glad.

THE THANKSGIVING DINNER.

Our grandmothers often baked their
pumpkin pies in square biscuit tins,
and always with a scalloped rim.
While their pumpkins came without
exception straight from the field—the
heaviest golden sphere they could com-
pass—we of today are in many cases
forced to use the canned pumpkin,
and excellently good it is. If fortunate
enough, however, to get the genuine
pumpkin, it seems more "Thanksgiv-
ing" to follow grandmother's example
from the start. In this case having
caught your pumpkin—a small sweet
sugar one preferred—cut up
without peeling, scrape off all the
woody fiber, then put over the fire
on the back of the stove. Add just a
little water to keep it from sticking
on the bottom, cover closely and steam
gently for six or eight hours. At the
end of this time the pumpkin pulp
should be thoroughly cooked in its
own juices. Take up, cool a little, then pull
off the skin with a sharp knife. Press
through a sieve and let it stand over-
night in a press so as to remove the
superfluous liquid. When ready to
bake, measure the pulp and to every
five cupfuls allow one teaspoonful of
salt, half a grated nutmeg, a table-
spoonful of mace, two teaspoons of
ginger and a large cupful of sugar.
Beat four eggs and stir into the pump-
kin pulp, together with four cupfuls of
sweet milk and a half cupful of cream.
Heat well and taste to see if it is
sweet enough. Turn into plates lined
with good pastry and bake three-quarters
of an hour until firm in the center
and a rich, golden brown. Serve
with good American cheese.

A fruit centerpiece is always pret-
ty and is usually easy to arrange.

A basket of yellow flowers, like the
small chrysanthemum, grown in our
gardens, may be taken up in a pot and
kept for Thanksgiving. The Roman
hyacinth is another flower that may
be grown for Thanksgiving.

When the price of a turkey is too
much for the family to afford, try
some substitutes. They cannot take
the place of the time-honored turkey
which we all enjoy, but when expense
must be considered these dishes will
be most satisfactory.

Braised Beef Tongue.—Wash the
tongue well and put it into a kettle
of fresh cold water, bring the water to
a boil and let it simmer until the
tongue is tender. Remove the skin
carefully and lay the tongue in a pan
surrounded by chopped carrots, celery,
an onion and the liquor in which the
tongue was cooked. Cover closely
and bake an hour. Take out the
tongue and put on a hot platter. Rub
the vegetables through a sieve and
add to the gravy. Season with salt,
Worcestershire sauce and pepper.

A leg of pork, stuffed with a highly
seasoned sage dressing and roasted,
makes a fine dish. Add a little cider
to the meat while basting. Serve
with tart, baked apples.

Tasty Cutlets.
Boil half a pound of macaroni for
half an hour in salted water, strain
and cut into inch lengths. Have
ready half a pound of finely chopped
meat. Melt in a small stewpan one
ounce of butter and a tablespoonful
of flour, add a teaspoonful of milt
pepper and salt, and powdered mace
to taste. Cook all together for a few
moments, stirring constantly; add the
beaten yolk of an egg, with the maca-
roni and veal. Stir all together and
simmer for a few moments. Pour on
a flat buttered dish, and when cold
cut into neat cutlets, flour well, dip
into egg and breadcrumbs, and fry
in fat. Drain well, and serve with a
garnish of broiled tomatoes.

Split Pea Soup With Ham Bone.
Wash one pint of split peas in cold
water and drain. Add an onion quartered,
with three cloves stuck in each
quarter and a little sprig each of
parsley, celery and a bay leaf. If you have
no celery, use celery salt.

As soon as the contents of the kettle
reach a good boil, push back on the
fire and simmer three or four
hours with a ham bone or bacon rind,
until the peas are tender. The fireless
cooker is a good place for this
overnight. When ready to use, press
through a coarse colander, season
with pepper and salt, heat and serve
with croutons.—Ladies' World.

Mock Cherry Pie.
One cupful cranberries, cut open,
half a cupful raisins, chopped fine, one
cupful sugar, half cupful boiling wa-
ter, one tablespoonful cornstarch dis-
solved in cold water, one tablespoonful
ful vanilla; turn cold water on the
cranberries to remove seeds. This
makes one pie baked in custard pie
plate—two trifles. Boil all together
for a few minutes until berries are done,
then add cornstarch, the same as for
cream pie. Add vanilla last.

Meat Roll.
Two pounds stew beef, one onion,
one egg, two slices of fat pork, four
slices dried bread, salt and pepper.
Grind beef through meat chopper,
grind onion, add egg; mix together in
loaf, put the pork on top, salt and
pepper. Bake one-half hour.

All the Good From Potatoes.

Before baking potatoes, rub them
dry and grease. This causes the outer
skin to peel off very thin, thus saving
the most nourishing part of the po-
tato.

forms convincing proof.

It's local testimony—it can be in-
vestigated.

Henry Callenstein, blacksmith, Poplar
street, Maysville, says: "Doan's
Kidney Pills are the best of kidney
medicines. I have used different
kinds and no other has ever equalled
this one. When my kidneys were out
of order and I had pain in my back,
I heard of Doan's Kidney Pills and used
them. They stopped the pains and my
kidneys became strong. The cure
has been permanent."

LIVE STOCK, CROP AND LAND

George Dorsey, of Hutchison, sold Bayless, of Paris, one grade milk cow and calf last week for \$70.

Caywood, Smith & McClintock, of Paris, bought eleven head of aged mules in Mt. Sterling Monday at an average of \$150 per head.

Caywood & McClintock, of Paris, shipped three carloads of fat hogs, averaging 200 pounds each, to the Cincinnati market. The swine cost \$6 per hundred pounds.

Saturday, at San Francisco, Cal., Dick McMahon's Hal Boy won first money at the \$20,000 racing event at the Panama-Pacific Exposition harness meeting in three straight heats.

A load of steers from Clay county, Ind., topped the Chicago market among 20,000 cattle. The lot was shipped by Congressman Ralph W. Moss, and brought \$10.35 per hundred pounds.

McIntyre & Moffett, of Millersburg, bought last week from D. Millard Curry, of Blue Lick Springs, 150 head of expert cattle, averaging 1,395 pounds, at \$8 per hundred pounds, or a total of \$16,740.

Conrad Kuhn, a farmer living near Shelbyville, Ind., has three horses on his farm of eighty acres. The combined ages of the animals are 75 years. The oldest horse is 30, the second is 27 and the youngster of trio is only 18.

Thomas McClintock, the well known stock dealer of Millersburg, bought last week in Nicholas and Bath counties seventeen head of mules and sold eleven mules.

The 3-year-old chestnut colt, Hermitt, which is a son of Bourbon King, and out of a daughter of Bourbon Chief #76, and bred by Hon. Claude M. Thomas, of near North Middletown, who sold his to Carl Hayse, of Mt. Vernon, Ill., during the last summer, is said to be one of the best horses in Southern Illinois. His exhibition at the Mt. Vernon show was said to have been the feature of that occasion.

M. Von Allman, of Louisville, bought the W. A. Browning farm in Oldham county, paying \$16,500 for the 219 acres. Corn sold for \$2.50 to \$2.60 per barrel. Dairy cows ranged from \$60 to \$100 per head.

Buyers of army horses gathered up a number in Shelby county at \$100 to \$120. Hudson Bros., of Louisville, were the chief buyers.

The recent rains ended a drought of several months in Madison county and all farm work now has been laid aside for tobacco stripping.

The new crop of dark tobacco has not begun to move but the prospects are said to be poor. In sales of last year's leaf, the prices have been from 6 to 10 cents.

The Onesucker District Association, representing growers of Allen, Barren, Butler and Warren counties, elected a board to handle the pool this year. C. G. Davenport, of Warren, is president, and E. H. Garrison, secretary. Five thousand acres are planted in the district and the society of equity claims to have pooled already 3,000 acres.

attendance of farmers upon Court at Georgetown was below the average and the offering of livestock was very light. The run of cattle was less than a hundred head, most of it being sold by the head. Benjamin Peak, auctioneer, sold one bunch of fat stuff for \$6.75, and he estimated that the common grades ranged from \$4.50 to \$5. No mule colts and no hogs were offered. A number of aged mules were sold privately at \$75 to \$150 per head.

Auctioneer M. F. Kenney sold at public auction Saturday morning the m. of Mrs. Laura E. Francis, known as the Col. John Cunningham farm, located on the Iron Works pike, near Paris, to Squire Lee Stephenson, who was acting for Mrs. Annie F. Ditchard, of Paris, for \$11.25 per acre, or \$20,396.25, for the tract of 185 acres.

One of the biggest transactions in Bourbon land consummated this fall was closed last week when Mr. Claude S. Williams, of Woodford county, acting as agent for the Estill heirs, sold at private sale 325 acres of land located on the Avon pike, near Clintonville, and known as the Estill place, to Mr. John Marshall, of Lexington, for \$40,635, or about \$125 per acre. The balance of the Estill tract, consisting of about 300 acres, adjoining the land just sold, was leased to Mr. Marshall for a term of years. Mr. Marshall will get possession of the land on March 1, 1916.

RIVER NEWS

MAYSVILLE TOBACCO MARKET OPENS DECEMBER 7, 1915

Herbert Duzan, former second clerk of the steamer city of Louisville, is at home in Manchester, O.

For the first time in history, under present conditions, so far as records on file at the office of the assistant engineer at Cincinnati show, Locks 4, 5, 6 and 7 will be kept up during the rise in the Kanawha river.

A forty-seven foot tide in the Cumberland and South Fork rivers brought the Kentucky Lumber Company 21,600 logs, which, it is thought, will furnish a six months' run in their mill at Burnside. This is the largest tide of the season.

Major George R. Spaulding, officer in charge of Cincinnati District No. 1 Corps of Engineers, announced Thursday that the new channel at Nine-Mile sandbar is marked by willow pole floats, placed twenty feet outside the cut on the bar or Kentucky side. The varying width of the new channel in its present unfinished state precludes the marking of both sides of the cut.

The Monongahela River Consolidated Coal and Coke Company, of Pittsburgh, Pa., owner of towboat Harry Brown, that was sunk at Oseocia, Ark., November 15, has sent divers to try to raise her. She is sunk in ten feet of water. This is a very dangerous part of the river for sunken steamers, as the sudden rise will probably wreck her.

OBLIGE LEDGER, TUESDAY, NOVEMBER 23

TOBACCO FEES RAISED

Ten-Cent Increase In Burley Belt of Three States—Recent Dull Season Given As Cause of Change.

Sunday's Courier-Journal printed the following dispatch from Lexington:

Lexington, Ky., November 20.—That practically all of the loose leaf tobacco sales warehouses of the burley belt of Kentucky, Indiana and Ohio will this season raise their charges for selling tobacco 10 cents on the 100 pounds came to the surface here today, and it is understood the Burley Loose Leaf Tobacco Sales Association, of which almost all of the warehouses are members, at a meeting held here a few days ago, authorized the raise, though the officers of the association decline to either affirm or deny the report of their having taken such action.

It is our intention to make the Maysville market the best place on earth to sell tobacco. Come in and see the care and pains with which we handle it and you will be convinced. If the average price realized for tobacco in the Burley district, this season, is not higher than the Maysville than any other market it will not be our fault, but a surprise and disappointment to us; because we are determined to spare no just means to that end; and we believe when the season closes that the Maysville market will be in the lead. All we ask of the sellers is to bring your tobacco to market in as good condition as is possible and we will do the rest.

THE FEES WILL BE NO INCREASE IN THE FEES CHARGED BY US FOR SELLING TOBACCO. THEY WILL BE EXACTLY THE SAME AS HERETOFORE.

The Home, Planters, independent Farmers and Central Warehouses will be in charge of polite, competent and experienced tobacco men and clerks; under one management and all run upon the following plan, towit:

No officer or employee of any of said houses will be permitted to speculate in tobacco. Each and every one of same will be required to give their entire efforts in behalf of the growers and sellers of tobacco.

All crops will be sold in the order of their arrival and as soon thereafter as is possible.

All errors and mistakes will be cheerfully and promptly corrected, and no person kept in our employ that is unfair or unaccommodating to any customer.

There will be no commissions or rebates given, or special favors shown any customer. All will be treated equally and alike.

There will be no paid solicitors to "influence" or annoy any one. All money expended will go to the better and quicker handling of the growers' tobacco.

Prompt settlement will be made for all tobacco at the house at which same is sold.

Every basket of tobacco sold through our houses will be guaranteed to the purchaser to be straight and what it shows on the label.

Care, promptness, politeness and accuracy will be the watchwords at each of said houses and a square deal guaranteed every customer.

There has not been any consolidation of the above named warehouse companies. The operation of their respective businesses, upon the above plan and under one management, is in the interest of proper and necessary economy and greater efficiency, and will be the best interests of the growers and sellers of tobacco, and make Maysville the leading loose leaf Burley tobacco market of the country; because, by this arrangement over two hundred and ten thousand feet of floor space, with a daily capacity of over a million and a half pounds of tobacco is open to the equal use of every grower and all are made sure of equal treatment, ample shelter and prompt sales; which is not the case on other markets and has not heretofore been the case here. There will be no "pulling and dragging" for business and holding of sellers here for days for the benefit of any particular warehouse. On the contrary he will be welcome to go where he can get in and get quick sale. All tobacco will be handled with equal care and each house and the sale of same carefully looked after by same officers. There will always be room and is sure to be satisfaction.

The grand committee of the G. U. O. O. F. will meet this evening at the committee room on Sutton street. Let all be present as there is business of importance.

EUGENIC MARRIAGES

Will insure this country a healthier and more intelligent family of the future, and many a woman, obviously unfit for marriage, has had her health restored by the timely use of Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills the world has ever known. Enormous quantities of roots and herbs are used annually in making this good, old-fashioned remedy and no woman who suffers from female ills should lose hope until she has tried it.

Mrs. Edith Dean is confined to her home with a severe attack of grippe.

Mr. W. O. Blackerby, of Brooksville, was a visitor in this city Sunday.

Mr. Harry Barkley is in Cincinnati today.

Can You Guess It's Weight?

We have on display a very large Cream Cheese made in the State of New York in June, 1915, when the best cheese is made and kept in one temperature to make it very mellow and snappy.

With every pound purchased we will allow you to guess its weight, and the person guessing the nearest to the weight will be awarded a basket of groceries valued at \$1.50.

Come in and leave your order for one pound and make your guess.
